

GUEST TEACHERS from Pages to Scrap NSW

FRIDAY 23RD JUNE

Monochromatic Scrapbook Page

– With Tracey Henly

10am-12 pm - \$50 (2hrs)

This is a great technique for those creating days when you just want to get something done, without all the stress of matching colours and pattern papers.

We play with distress ink, paint and stains and add some embellies and chipboard to finish off our layout.

Free-style Painted Apron

– With Jo Kinder

1pm-3pm - \$50 (2-3hrs)

This will be a fun and playful class. It doesn't matter if you prefer brights or earth-tones, everyone will end up with their very own unique apron. You will channel your inner-child with a touch of 'Picasso', a 'splash' of Jackson Pollack and a pinch of art deco.... with a modern twist of course.

Another amazingly easy technique and you just may kick yourself for not having used it more often.

We will touch on a few colour theory concepts, then dive in the deep end to create a piece that is an expression of

your own personal style.
