SATURDAY 24TH JUNE

Everyday Moments – Bound Mixed media book – With Jo Kinder

Saturday 9am-11 am \$50

18 pages of yummy mixed media goodness. A great little book with a simplified binding method to document those everyday moments or any adventure or occasion.

While putting this project together, I used a good friend as a 'guinea-pig student'. She commented that "it looked complicated, but actually came together really easy and considerably quick" (she is very talkative!).

Choose your own colours to match your taste and your theme. Learn a really easy book binding method, so easy you will probably make a dozen more. Play

with stencils, lots of chipboard, veneer and some new release flair buttons designed exclusively for this class!
