

GUEST TEACHERS from Pages to Scrap NSW

FRIDAY 23RD & SATURDAY 24TH JUNE

Jo Kinder

Jo is the owner and designer of Kinder Kreations – Laser cut designs and a Scrapbooking Memories Master 2012 winner. Jo has as background in Fine Arts and Graphic Design, she gravitates toward bright, saturated colours and has a keen eye for those elements that make up a pleasing design.

Tracey Henly

Tracey has to be one of the ‘chameleon’ of all scrapbookers! I’m pretty sure there isn’t a style that she hasn’t successfully attempted or improved on. With a background in floristry, Tracey can make any pile of ‘junk’ look like a master piece! (see her Bower Bird class). A natural talent with colour combinations, composition and walking-talking encyclopaedia of techniques, you will be glad you took her classes.

Tarrah McLean

Tarrah has a pleasing, clean style of scrapbooking. A natural talent when it comes to the delicate balance of white-space, clusters of embellishments and layering lots of patterned papers. The number of design teams Tarrah is on shows the popularity of her style, subjects and projects.

Tracey Shenton

Tracey is the Owner of Pages2Scrap Store and a very successful Accountant based on the Central Coast of NSW. Tracey’s super-power is the ability to break down each technique to it basics so that students can maximise their learning and build them up again to create your own individual style.
